Introduction

Welcome

Welcome to the I AM HOME Family Accelerator Programme!

Most of us believe we are simply unlovable. The wounds we have received early in life have dictated what we perceive and believe about ourselves and God. When we received these wounds, it often resulted in shame and subsequent performance in an effort to gain love from those around us. However, until we are healed, we will sabotage relationships subconsciously to prove what we perceive about ourselves—that we are unlovable. It takes others who are close to us to recognize this root issue in our lives and be willing to love us unconditionally. God forces us back to the place of our wound in order to bring us to a place of freedom and deliverance; into the broad place He desires for each of us.

This 12-day programme has been designed for fathers, aspirant fathers, boys, families, mothers, girls and leaders from all walks of life. It will equip those who want to grow in their relationship with Father God and their earthly fathers. Furthermore, it will benefit those who want to be effective parents by walking in the presence of our Father and modelling that to their families and society.

I trust that you will enjoy every part of this programme and that your life will never be the same again.

I AM A REWARD Coach

Being a teenager is a transitional period in a person's life, marked by significant physical, emotional, and cognitive changes. A lot of teenagers are exposed to depression, anxiety and are victims of a lot of unnecessary mistakes as they expose themselves to environments and relationships that don't have interest in enhancing a desire to find their identity in God.

I AM A REWARD program is designed to equip all teenagers with tools that will help them find and explore their identity within Biblical values, understand what it means it be a teenager biologically, create healthy relationships, and understand their value in their communities.

"The English term 'vocation' is from the Latin word "voca", which means 'inner voice.' Martin Luther took the idea even further with the concept of "beruf", a German word meaning 'inner longing' or 'a pull to something from God". Our children must be trained to hear the voice of God from an early age to be able to determine which careers they should choose" - Marketplace Calling
